Trading - trading is one of the most interesting(at least in our opinion) and profitable activities you can do to earn ISK in EVE Online. The basic idea of making money on trading is to buy underpriced items, and sell them for more. Trading, in general, requires a bit of initial investment, and a lot of in-game knowledge, and experience.

EVE ISK Farming Guide for Beginners - Odealo

As a trader in EVE, you'll need a few skills to make a profit and make sure that this profit is as large as it can be. There are plenty of of skills in the "Trade" category, but many of these are not needed for basic station trading. Many of these skills are not strictly necessary for trading; it's very simple to flip items and make a profit.

Trade 102: Station Trading - EVE University Wiki

This is a trading guide. It offers you much higher income than any other EVE activity. However it does not involve shooting things (players, NPC pirates, asteroids) but transporting items between systems and updating market orders. If you hate these, don't read it. This is a rather long guide and you are not expected to read it at once.
