Chemistry Questions and Answers | Study.com

The 'Key concepts in Chemistry' cover aspects such as atomic structure, which is fundamental knowledge for chemistry and so could be assessed in both papers within the context of the other topics e.g. atomic structure in fuels and hydrocarbons in paper 2, but also understanding activity of acids in chemical changes in paper 1.

Understanding our exams - Pearson qualifications

Study all the core concepts and learn how to solve problems step by step. This would begin with understanding the metric system, the scientific method, chemical nomenclature and atomic structure. The reason many people find chemistry difficult is they do not fully understand these fundamental concepts before trying to study more advanced subjects.

4 Ways to Learn Chemistry - wikiHow
