Urban design is the process of designing and shaping the physical features of cities, towns, and villages and planning for the provision of municipal services to residents and visitors. Although it deals with issues of a larger scale than architecture, it cannot be understood as a wholly separated field of research and design, since the quality of one depends on the quality of the other.

Philosophy (from Greek: φιλοσοφία, philosophia, 'love of wisdom') is the study of general and fundamental questions, such as those about reason, existence, knowledge, values, mind, and language. Such questions are often posed as problems to be studied or resolved. The term was probably coined by Pythagoras (c. 570 – c. 495 BCE). Philosophical methods include questioning, critical ...
