Science

Starting a Science Journal. Science journals encourage writing, drawing, reading and a way for kids to record all their discoveries and adventures. There are so many ways to approach journaling -- you can journal by topic or keep your journal in date order (more like a diary). Journals can include written observations, drawings, photos, items that are taped in or a combination of all of these.

Science | AAAS

The Journal of Emergent Science (JES) is an 'open access' biannual e-journal designed to bridge the gap between research and practice. It complements the ASE's professional journal, Primary Science, and is supported by the Primary Science Teaching Trust (PSTT). JES focuses on research and the implications of research for practice and provision of science (including health, technology and engineering) for young children from birth to 11 years of age.
